This News Release contains certain forward-looking statements and information (collectively, “forward-looking statements”) regarding the Company’s planned presentation at the BIO Asia Partnering Conference and the Company’s product development initiatives. Helix’s actual results could differ materially from those anticipated in these forward-looking statements as a result of numerous factors, including without limitation, the fact that the presentation is subject to change or cancellation without notice; Helix’s need for additional future capital, which may not be available in a timely manner or at all; the need for additional research and development, the outcome of which is uncertain; and uncertainty whether L-DOS47 or Topical Interferon Alpha-2b, or any other product development initiatives, will be successfully developed or commercialized. See the Company’s latest Form 20-F and other reports filed from time to time on SEDAR at [www.sedar.com](http://www.sedar.com), and on EDGAR at [www.sec.gov/edgar.shtml](http://www.sec.gov/edgar.shtml) for a further description of certain of these and other important risks and uncertainties affecting the Company which could cause actual results to vary materially from current results or those anticipated in forward-looking statements. The Company does not assume any obligation to update any forward-looking statement except as required by law.
