March 14, 2019

Dear Shareholder:

It has been a challenging year for the Company. Strategically, we set out to increase shareholder value by advancing clinical development, engaging third parties for business alliance, and realigning corporate objectives.

From a clinical development perspective:

- We completed the Phase I/II L-DOS47 monotherapy clinical study, though we are currently waiting for the final study report;
- We amended the Phase I L-DOS47 pemetrexed and carboplatin combination study protocol which allowed us to advance enrollment from Cohort 2, coming into the 2018 fiscal year, to where we most recently announced enrolment in the final two cohorts of the study where we are now enrolling patients in Cohort 6, and;
- We received approval to begin a dose escalating Phase II L-DOS47 combination study with vinorelbine and cisplatin which is now at the point of beginning patient enrolment.

In addition to these clinical studies, the Company was working diligently, from a pre-clinical perspective, to advance the Company's L-DOS47 platform technology to be studied with immunotherapies in lung cancer and expanding to a second indication for pancreatic cancer. These potential new studies should expand the potential market of L-DOS47.

The Company has also engaged Deloitte Canada to reach out to third parties for commercialization opportunities. The Company's objectives include the possible licensing of L-DOS47 as well as the potential for a possible strategic alliance. The discussions are in the early stages and is a major business objective for the Company.

Corporately, the Company has substantially reduced operating, general and administrative expenses during the year while continuing to prioritize research and development spending. In addition, the Company is considering the full or partial divestiture of its Polish subsidiary in order to unlock value for shareholders.

We are optimistic and look forward to 2019.

Your vote is important and, at the Meeting, Shareholders will be asked to elect directors, appoint BDO Canada LLP, Chartered Professional Accountants, as Helix's auditors, authorize an amendment to the articles of Helix to consolidate the issued and outstanding Common Shares of Helix and authorize the extension of certain insider warrants. If you are a registered Shareholder and are unable to be present at the Meeting in person, we encourage you to vote by completing the enclosed form of proxy and returning it in accordance with the instructions provided in the Circular and on the form of proxy. Non-registered Shareholders who beneficially own Common Shares through a broker or other intermediary may receive a voting instruction form or, less frequently, a form of proxy, from their broker or other intermediary and are encouraged to complete and return their voting instruction form or form of proxy, as the case may be, in accordance with the instructions provided in the Circular and received from their broker or other intermediary. In either case, Helix urges you to give the Circular your careful consideration and, if you require assistance, to consult your financial, tax or other professional advisors.

I want to personally thank all our staff, shareholders and agents for your support.

Sincerely,

"Heman Chao"

Heman Chao, PhD

Chief Executive Officer and Chief Scientific Officer

QUESTIONS AND ANSWERS ABOUT VOTING RIGHTS AND THE SOLICITATION OF PROXIES

What is this document?

This Circular is a management proxy circular sent to Shareholders in advance of the Meeting to provide information relating to the business of the Meeting, Helix and Helix's directors and executive officers. A form of proxy or voting information form accompanies this Circular.

What is the business to be considered at the Meeting?

How does the Board recommend that I vote?

The Board recommends that Shareholders vote:

- (a) **FOR** the election as directors of Helix of the proposed nominees set forth in this Circular;
- (b) **FOR** the appointment of BDO Canada LLP, Chartered Professional Accountants, as auditors and authorizing the Board to fix their remuneration;
- (c) **FOR** the Consolidation Resolution; and
- (d) **FOR** the Warrant Extension Resolution.

Who is soliciting my vote?

Proxies are being solicited in connection with this Circular by the management of Helix. Costs associated with the solicitation will be borne by Helix. The solicitation will be made primarily by mail, but proxies may also be solicited personally by regular employees of Helix to whom no additional compensation will be paid.

Who is eligible to vote?

Shareholders who hold Common Shares at the close of business on March 11, 2019 (the “**Record Date**”) will be eligible vote at the Meeting in person or by proxy.

How do I vote?

The voting process is different depending on whether you are a registered or non-registered Shareholder:

- (a) You are a registered Shareholder (a “**Registered Shareholder**”) if your name appears on your Share certificate or, if registered electronically, the Shares are registered with Helix’s Transfer Agent in your name and not an intermediary such as a bank, trust company, securities broker, trustee or other nominee (an “**intermediary**”); or
- (b) You are a non-registered Shareholder (a “**Non-Registered Shareholder**”) if your shares are held on your behalf by an intermediary. This means the Shares are registered with Helix’s Transfer Agent in an intermediary’s name, and you are the beneficial owner. Most Shareholders are Non-Registered Shareholders.

Non-Registered Shareholders

If you are a Non-Registered Shareholder, your intermediary will send you a voting instruction form or proxy form with this Circular. This form will instruct the intermediary how to vote your Common Shares at the Meeting on your behalf. You must follow the instructions from your intermediary in order to vote.

If you do not intend to attend the Meeting and vote in person, mark your voting instructions on the voting instruction form or proxy form, sign it, and return it as instructed by your intermediary. Your intermediary may have also provided you with the option of voting by telephone or fax or through the internet.

If you wish to vote in person at the Meeting, insert your name in the space provided for the proxyholder appointment in the voting instruction form or proxy form, and return it as instructed by your intermediary. Do not complete the voting section of the proxy form or voting information form, since you will vote in person at the Meeting. Your intermediary may have also provided you with the option of appointing yourself or someone else to attend and vote on your behalf at the Meeting through the internet. When you arrive at the Meeting, please register with the Transfer Agent.

Your intermediary must receive your voting instructions in sufficient time for your intermediary to act on them. The Transfer Agent must receive proxy vote instructions from your intermediary by no later than 10:00 a.m. (Toronto time) on April 11, 2019, or at least 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjournment of the meeting, but please be aware that your intermediary may have set an earlier cut off time for receipt of your voting instructions.

Registered Shareholders

If you are a Registered Shareholder, a form of proxy is enclosed with this Circular to enable you to appoint a proxyholder to vote on your behalf at the Meeting.

If you do not intend to attend the Meeting and vote in person, you can provide your voting instructions by completing and returning the enclosed form of proxy or you can provide them by telephone or the internet in accordance with the instructions appearing on the enclosed form of proxy. You may choose another person – called a proxyholder – to attend the Meeting and vote your Common Shares for you. In either case, you will need to complete and return the enclosed form of proxy to the Transfer Agent at 100 University Avenue, 8th floor, Toronto, Ontario, M5J 2Y1.

If you wish to vote in person at the Meeting, you may still provide voting instructions using the enclosed form of proxy or by telephone or by internet. When you arrive at the Meeting, please register with our Transfer Agent. If you vote in person at the Meeting any proxy you have previously given will be revoked.

To be valid, the form of proxy must be filled out, correctly signed (exactly as your name appears on the proxy form), and returned to the Transfer Agent in the enclosed envelope by 10:00 a.m. (Toronto time) on April 11, 2019, or at least 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjournment of the Meeting. Your proxyholder may then vote on your behalf at the Meeting.

Who will act as my proxyholder to vote my shares?

Your proxyholder is the person that you appoint to cast your votes and act on your behalf at the Meeting including any continuation of the Meeting that may occur in the event that the Meeting is adjourned. Signing and returning the enclosed proxy form authorizes Heman Chao or Photios (Frank) Michalargias (the “**Named Proxyholders**”) to vote your Common Shares at the Meeting in accordance with your instructions. **A Shareholder may appoint another person (who need not be a Shareholder) to represent the Shareholder at the Meeting. If you wish to appoint another person to be your proxyholder, fill in that person’s name in the blank space provided in the proxy or voting instruction form.**

How will my Shares be voted if I give my proxy?

If you appoint the Named Proxyholders as your proxyholders, the Common Shares represented by the form of proxy will be voted, or withheld from voting, in accordance with your instructions as indicated on the form on any ballot that may be called for. **In the absence of instructions from you, such Common Shares will be voted:**

- (a) **FOR** the election as directors of Helix of the proposed nominees set forth in this Circular;
- (b) **FOR** the appointment of BDO Canada LLP, Chartered Professional Accountants, as auditors and authorizing the Board to fix their remuneration;
- (c) **FOR** the Consolidation Resolution; and
- (d) **FOR** the Warrant Extension Resolution.

What if amendments are made to these matters or other business is brought before the Meeting?

The accompanying form of proxy confers discretionary authority on the persons named in it as proxies with respect to any amendments or variations to the matters identified in the Notice of Meeting or other matters that may properly come before the Meeting and the named proxies in your properly executed proxy will vote on such matters in accordance with their judgment. At the date of this Circular, management of Helix is not aware of any such amendments, variations or other matters which are to be presented for action at the Meeting.

What if I change my mind?

If you are a Non-Registered Shareholder, you can revoke your prior voting instructions by providing new instructions on a voting instruction form or proxy form with a later date, or at a later time in the case of voting by telephone or through the internet, provided that your new instructions are received by your intermediary in sufficient time for your intermediary to act on them before 10:00 a.m. (Toronto time) on April 11, 2019, or at least 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjournment of the Meeting. Otherwise, contact your intermediary if you want to revoke your proxy or change your voting instructions or if you change your mind and want to vote in person.

If you are a Registered Shareholder, you may revoke any prior proxy by providing a new proxy with a later date, provided that your new proxy is received by the Transfer Agent before 10:00 a.m. (Toronto time) on April 11, 2019, or at least 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjournment of the Meeting. You may also revoke any prior proxy without providing new voting instructions by delivering written notice clearly indicating you wish to revoke your proxy to the registered office of Helix at 9120 Leslie Street, Suite 205, Richmond Hill, Ontario, L4B 3J9, Fax: (905) 841-2244, Attention: Chief Executive Officer, or at the offices of the Transfer Agent, Computershare Investor Services Inc., at 100 University Ave, 8th floor, Toronto, Ontario, M5J 2Y1 at any time up to 5:00 p.m. (Toronto time) on the last business day before the Meeting or any adjournment of the Meeting. A proxy may also be revoked on the day of the Meeting or any adjournment of the Meeting by a registered Shareholder

by delivering written notice to the Chair of the Meeting. In addition, the proxy may be revoked prior to its use by any other method permitted by applicable law. The written notice of revocation may be executed by the registered Shareholder or by an attorney who has the Shareholder's written authorization. If the Shareholder is a corporation, the written notice must be executed by its duly authorized officer or attorney. If you are an individual and register with the Transfer Agent at the Meeting and vote in person at the Meeting any proxy you have previously given will be revoked.

How many Common Shares are entitled to vote?

As of March 11, 2019, there were 106,041,579 Common Shares outstanding, each carrying the right to one vote per Common Share.

What constitutes a quorum at the Meeting?

A quorum for the Meeting shall be at least 10% of the Common Shares entitled to vote at the Meeting, present in person or by proxy, provided that a quorum shall not be less than two persons. No business shall be transacted at the Meeting unless the requisite quorum is present at the commencement of the Meeting. If a quorum is present at the commencement of the Meeting, a quorum shall be deemed to be present during the remainder of the Meeting.

What approvals are required?

The Consolidation Resolution set forth in Appendix B to this Circular must be approved by the affirmative vote of at least a majority of not less than two thirds of the votes cast by Shareholders who voted in respect of the resolution present in person or represented by proxy at the Meeting. The Warrant Extension Resolution set forth in Appendix C to this Circular must be approved by the affirmative vote of at least a majority of the votes cast by "disinterested" Shareholders who vote in respect of the resolution present in person or represented by proxy at the Meeting, excluding the votes attaching to the Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised by, insiders holding warrants that are the subject of the resolution. All other resolutions must be approved by the affirmative vote of at least a majority of the votes cast by Shareholders who voted in respect of such resolution present in person or represented by proxy at the Meeting.

Who are the principal Shareholders of Helix?

To the knowledge of the Directors and executive officers of Helix, as of the date of this Circular, there is no person or company that beneficially owns, directly or indirectly, or exercises control or direction over, voting securities of Helix carrying 10% or more of the voting rights attached to any class of voting securities of Helix.

 - (i) while he was acting in such capacity, was the subject of a cease trade or an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days (an “order”); or
 - (ii) was subject to an order that was issued after he ceased to act in such capacity and which resulted from an event that occurred while he was acting in such capacity; or
 - (iii) while he was acting in such capacity or with a year of his ceasing to act in such capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (b) has, within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold his assets.

To the knowledge of the directors and officers of Helix, no nominee proposed for election as a director: (a) has been subject to any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a Canadian securities regulatory authority; or (b) has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in deciding whether to vote for a proposed director.

Appointment and Remuneration of Auditors

Shareholders will be asked to consider and, if thought fit, to pass, an ordinary resolution approving the appointment of BDO Canada LLP, Chartered Professional Accountants, as auditors of Helix to hold office until the close of the next annual meeting of Helix. It is also proposed that the remuneration to be paid to the auditors of Helix be fixed by the Board. BDO Canada LLP were first appointed as auditors of Helix by the Board on June 12, 2013.

For the fiscal years ended July 31, 2018 and July 31, 2017, BDO Canada LLP and its affiliates were paid the following fees by Helix:

Item	2018		2017	
	Amount	Percentage of Total Fees ⁽¹⁾	Amount	Percentage of Total Fees ⁽¹⁾
Audit Fees	\$81,700	100%	\$72,800	93%
Audit-Related Fees	\$0	0%	\$0	0%
Tax Fees	\$0	0%	\$0	0%
All Other Fees	\$0	0%	\$5,510	7%
Total	\$81,700	100%	\$78,310	100%

(1) All percentages are rounded to the nearest whole percent.

All audit and non-audit services performed by Helix's auditors must be pre-approved by Helix's Audit Committee. See "Audit Committee" for additional information regarding the Audit Committee and the oversight of Helix's external auditors.

The Named Proxyholders, if named as proxy, intend to vote the Common Shares represented by any such proxy for the approval of the appointment of BDO Canada LLP, Chartered Professional Accountants, as auditors of Helix and for authorizing the Board to fix their remuneration unless the Shareholder who has given such proxy has directed otherwise.

Share Consolidation

Shareholders are being asked to consider and, if thought advisable, to approve a special resolution (the "**Consolidation Resolution**") authorizing an amendment to the Company's articles to consolidate its issued and outstanding Common Shares (the "**Share Consolidation**") at a ratio of between five and twenty-five pre-consolidation Common Shares for every one post-consolidation Common Share, as may be determined by the Board in its sole discretion (the "**Consolidation Ratio**"). Subject to the approval of the TSX, approval of the Consolidation Resolution by Shareholders would give the Board the authority to implement the Share Consolidation and determine the exact Consolidation Ratio, in its sole discretion, at any time within one year of the date of Shareholder approval of the Consolidation Resolution. The full text of the Consolidation Resolution approving the proposed Share Consolidation is set out in Appendix B to this Circular.

Although Shareholder approval for the Share Consolidation is being sought at the Meeting, the Share Consolidation would become effective at a date in the future, if and when the Board of Directors consider it to be in the best interest of the Company to implement the Share Consolidation. Notwithstanding the approval of the proposed Share Consolidation by Shareholders, the Board, in its sole discretion, may revoke the Consolidation Resolution and abandon the Share Consolidation without further approval by or prior notice to Shareholders.

Reasons for the Share Consolidation

The Board believes that is in the best interests of the Company to have the authority to implement the Share Consolidation for the following reasons:

- *Greater investor interest* – a higher post-consolidation share price could help generate interest in the Company among investors. A higher anticipated share price may (i) meet investing guidelines for certain institutional investors and investment funds that are currently prevented under their investing guidelines from investing in the common shares at current price levels; and (ii) allow investors to leverage their investment by meeting margin eligibility requirements;
- *Potential listing on a U.S. exchange* – a higher post-consolidation share price could help the Company meet the initial listing requirements of major exchanges in the United States in the event that the Company determines to pursue such a listing. For example, the Nasdaq requires a bid price of at least USD\$4.00 for an initial listing;
- *Reduction of shareholder transaction costs* – Shareholders may benefit from relatively lower trading costs associated with a higher share price. In circumstances where commissions are based on the number of shares traded, investors pay lower commissions to trade a fixed value of shares where the per share price is higher; and
- *Improved liquidity* – the combination of increased interest from investors, a potential listing on a major U.S. exchange and potentially lower transaction costs could ultimately improve the trading liquidity of the shares.

There can be no assurance that any increase in the market price per Common Share or improved liquidity would result from the proposed Share Consolidation, that the Company will submit an application for listing on any foreign stock exchange or, if an application is made, that the Company will be successful at achieving such a listing.

Certain Risks Associated with the Share Consolidation

Certain risks associated with the Share Consolidation are as follows:

The Company's total market capitalization immediately after the proposed Share Consolidation may be lower than immediately before the proposed Share Consolidation

There are numerous factors and contingencies that could affect the Common Share price prior to or following the Share Consolidation, including the status of the market for the Common Shares at the time, the status of the Company's reported financial results in future periods, and general economic, geopolitical, stock market and industry conditions. Accordingly, the market price of the Common Shares may not be sustainable at the direct arithmetic result of the Share Consolidation and may be lower.

A decline in the market price of the Common Shares after the Share Consolidation may result in a greater percentage decline than would occur in the absence of a consolidation, and liquidity could be adversely affected following such consolidation

If the Share Consolidation is implemented and the market price of the Common Shares declines, the percentage decline may be greater than would occur in the absence of the Share Consolidation. The market price of the Common Shares will, however, also be based on the Company's performance and other factors, which are unrelated to the number of Common Shares outstanding.

While the Board believes that a higher share price may provide the benefits described above, the Share Consolidation may not result in a share price that will attract institutional investors or investment funds and may not be sufficient to list the shares on a major U.S. exchange. As a result, the liquidity of the common shares may not improve.

Furthermore, the liquidity of the Common Shares could be adversely affected by the reduced number of Common Shares that would be outstanding after the Share Consolidation.

The Share Consolidation may result in some Shareholders owning "odd lots" of less than 100 Common Shares on a post-consolidation basis, which may be more difficult to sell, or require greater transaction costs per share to sell

The Share Consolidation may result in some Shareholders owning "odd lots" of less than 100 Common Shares on a post-consolidation basis. "Odd lots" may be more difficult to sell, or require greater transaction costs per Common Share to sell, than Common Shares held in "board lots" of even multiples of 100 Common Shares.

Principal Effects of the Share Consolidation

The principal effects of the Share Consolidation would be:

- *Reduction in number of Common Shares outstanding* – the number of Common Shares issued and outstanding will be reduced from 106,041,579 (as of the date of this Circular) to between approximately 21,208,315 and 4,241,663, depending on the Consolidation Ratio selected by the Board; and
- *Adjustments to outstanding options and warrants* – the exercise price and the number of common shares issuable under the Company's outstanding options and warrants will be proportionately adjusted, based on the Consolidation Ratio selected by the Board, with any fraction rounded down to the nearest whole number.

The Board believes that Shareholder approval of a range of potential Consolidation Ratios (rather than a single Consolidation Ratio) would provide the Board with maximum flexibility to react to then-current market conditions and achieve the desired results of the Share Consolidation. If the Consolidation Resolution is approved, the Share Consolidation would be implemented, if at all, only upon a determination by the Board that it is in the best interests of the Company at that time. In connection with any determination to implement the Share Consolidation, the Board will set the timing for such Share Consolidation and select the specific Consolidation Ratio from within the range of ratios set forth in the Consolidation Resolution, subject to receipt of all necessary regulatory approvals, including the approval of the TSX. The Board's selection of the specific ratio would be based primarily on the price level of the

Common Shares at that time and the expected stability of that price level. No further action on the part of Shareholders would be required in order for the Board to implement the Share Consolidation.

If approved and implemented, the Share Consolidation will occur simultaneously for all the Common Shares and the Consolidation Ratio will be the same for all the Common Shares. Except for any variances attributable to fractional shares, the change in the number of issued and outstanding Common Shares that will result from the Share Consolidation will cause no change in the capital attributable to the Common Shares and will not materially affect any Shareholder's percentage ownership in the Company, even though such ownership will be represented by smaller number of Common Shares.

In addition, the Share Consolidation will not materially affect any Shareholder's proportionate voting rights. Each Common Share outstanding after the Share Consolidation will be fully paid and non-assessable and will entitle the holder to one vote per Common Share.

The Share Consolidation is subject to regulatory approval, including the approval of the TSX. As a condition to the approval of the consolidation of shares listed for trading on the TSX, the TSX requires, among other things, that a TSX listed issuer continue to meet the TSX's "Continued Listing Requirements" after the Share Consolidation. In order for the Company to continue to meet the applicable Continued Listing Requirements, the Company must have at least 150 "public shareholders" (as defined under TSX policies) holding a certain minimum number of Common Shares of the Company, each free of "resale restrictions" (as defined under TSX policies), after completion of the Share Consolidation.

If the Board does not implement the Share Consolidation within one year from the date of Shareholder approval of the Consolidation Resolution, the authority granted by the Consolidation Resolution to implement the Share Consolidation on these terms would lapse and be of no further force or effect. The Consolidation Resolution also authorizes the Board to elect not to proceed with, and abandon, the Share Consolidation at any time if it determines, in its sole discretion, to do so. No further approval by or prior notice to Shareholders would be required in order for the Board to abandon the Share Consolidation.

Procedure for Implementing the Share Consolidation

If the Share Consolidation Resolution is approved by Shareholders and the Board of Directors decides to implement the Share Consolidation, subject to TSX approval, the Company will file articles of amendment with the Director appointed under the CBCA in the form prescribed by the CBCA to amend the Company's articles of amalgamation. The Share Consolidation will become effective on the date shown in the certificate of amendment issued by the Director appointed under the CBCA or such other date indicated in the articles of amendment.

Effect on Share Certificates

If the proposed Share Consolidation is approved by Shareholders and implemented, registered Shareholders will be required to exchange their share certificates representing pre-consolidation Common Shares for new share certificates representing post-consolidation Common Shares. Following the announcement by the Company of the Consolidation Ratio selected by the Board and the effective date of the Share Consolidation, registered Shareholders will be provided with a letter of transmittal by the Company's Transfer Agent to be used for the purpose of surrendering their certificates representing the then outstanding Common Shares to the Transfer Agent in exchange for new share certificates representing Common Shares after giving effect to the Share Consolidation. After the Share Consolidation, share certificates representing pre-consolidation Common Shares will: (i) not constitute good delivery for the purposes of trades of Common Shares post-consolidation; and (ii) be deemed for all purposes to represent the number of Common Shares to which the shareholder is entitled as a result of the Share Consolidation. No delivery of a new share certificate to a Shareholder will be made until the Shareholder surrenders its certificates representing the pre-consolidation Common Shares along with the letter of transmittal to the registrar and transfer agent of the Company in the manner detailed therein.

Effect on Non-Registered Holders

Non-Registered Beneficial Holders holding their Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have specific procedures for processing the Share Consolidation.

If you hold your Common Shares with such a bank, broker or other nominee and if you have any questions in this regard, you are encouraged to contact your nominee.

No fractional Shares to be Issued

No fractional Common Shares will be issued in connection with the Share Consolidation and, in the event that a Shareholder would otherwise be entitled to receive a fractional Common Share upon the Share Consolidation, such fraction will be rounded down to the nearest whole number.

No Dissent Rights

Under the CBCA, Shareholders do not have dissent and appraisal rights with respect to the proposed Share Consolidation.

Shareholder approval of Consolidation Resolution

The Board of Directors believes that it is in the best interest of the Company to approve the Share Consolidation and recommends that Shareholders vote FOR the Consolidation Resolution.

In order to be adopted, the CBCA requires that the Consolidation Resolution be approved by a special resolution of the Shareholders, being a majority of not less than two-thirds of the votes cast by Shareholders present in person or by proxy at the Meeting.

The Named Proxyholders, if named as proxy, intend to vote the Common Shares represented by any such proxy for the Consolidation Resolution unless the Shareholder who has given such proxy has directed otherwise.

Extension of Warrants

In July 2014 and April 2015, the Corporation issued an aggregate of 12,661,000 units (“Units”), with each Unit comprised of one common share and one common share purchase warrant (each a “Warrant”) pursuant to three private placement financings. Of the 12,661,000 outstanding Warrants, to the knowledge of the Corporation, an aggregate of 3,862,000 Warrants are beneficially owned, directly or indirectly, or under the control or direction of, insiders of the Company (the “Insider Warrants”) and the remaining 8,799,000 Warrants are beneficially owned, directly or indirectly, or under the control or direction of, non-insiders (the “Non-Insider Warrants”), as more particularly described below.

Based on current market conditions and financial needs of the Company, the Board believes that it is in the best interests of the Corporation, in order to retain the Warrants as a potential source of financing, to amend the terms of the outstanding Warrants to extend the expiry date of the Warrants by two years.

The dates of each private placement financing, the original issue price of the Units, the total number of Warrants, a breakdown of Insider Warrants and Non-Insider Warrants, the exercise price of the Warrants, the original expiry date and the proposed extended expiry date of the Warrants are as follows:

Date of Private Placement	Issue Price of Units under Private Placement (\$)	Warrants Outstanding (#)	Insider Warrants (#)	Non-Insider Warrants (#)	Warrant Exercise Price (\$)	Original Expiry Date of Warrants	Proposed Extended Expiry Date of Warrants
July 10, 2014	\$1.60	3,981,000	1,045,500	2,935,500	\$2.24	July 9, 2019	July 9, 2021
April 1, 2015	\$1.10	5,530,000	1,850,000	3,680,000	\$1.54	March 31, 2020	March 31, 2022

Date of Private Placement	Issue Price of Units under Private Placement (\$)	Warrants Outstanding (#)	Insider Warrants (#)	Non-Insider Warrants (#)	Warrant Exercise Price (\$)	Original Expiry Date of Warrants	Proposed Extended Expiry Date of Warrants
April 29, 2015	\$1.10	3,150,000	966,500 ⁽¹⁾	2,183,500	\$1.54	April 28, 2020	April 28, 2022

- (1) Photios (Frank) Michalargias, the Company’s Chief Financial Officer beneficially owns 16,500 Warrants expiring on April 28, 2020. All other Insider Warrants in the table above are beneficially owned by ACM Alpha Consulting Management AG, a corporation owned and controlled by Veronika Kandziora, the Company’s Secretary.

TSX has conditionally approved the extension of the Non-Insider Warrants, effective March 29, 2019. The TSX’s acceptance of the amendment to the Insider Warrants will be conditional on, among other things, the Corporation obtaining “disinterested” Shareholder approval to amend the Insider Warrants, excluding the votes attaching to the Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised by, the insiders named in the preceding footnote. Accordingly, at the Meeting, Shareholders will be asked to pass the Warrant Extension Resolution, the full text of which is attached as Appendix C to this Circular, to authorize and approve the extension of the Insider Warrants. Subject to TSX approval, if the Warrant Extension Resolution is passed by a majority of the votes cast by disinterested Shareholders present in person or represented by proxy at the Meeting, the extension of the Insider Warrants will be effective on the date such Shareholder approval has been obtained. To the knowledge of Helix after reasonable inquiry, as at the Record Date, there are 4,499,381 votes attached to the Common Shares that will be excluded in determining whether disinterested Shareholder approval has been obtained.

The Named Proxyholders, if named as proxy, intend to vote the Common Shares represented by any such proxy for the Warrant Extension Resolution unless the Shareholder who has given such proxy has directed otherwise.

Other Business

Management knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matter properly comes before the Meeting, the accompanying proxy will be voted on such matter in accordance with the best judgment of the person or persons voting the proxy.

Interests of Certain Persons in Matters to be Acted Upon

Except as otherwise disclosed in this Circular, to the knowledge of Helix, no director or executive officer of Helix, nor any person who held such a position since the beginning of the last completed fiscal year of Helix, no nominee nor any respective associate or affiliate of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise in any matter to be acted upon at the Meeting.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Overview and Objectives

Prior to December 2017, the Governance and Compensation Committee was responsible for making recommendations to the Board with respect to the overall compensation of the executive officers of the Company, including the Chief Executive Officer, Chief Financial Officer and the three most highly compensated executive officers of Helix, other than such Chief Executive Officer and Chief Financial Officer (collectively, the “Named Executive Officers”). At the annual and special meeting of the shareholders of the Company held on December 12, 2017, shareholders of the Company elected four directors to the Board, reducing the size of the Board from seven to four. Given that the Board would thereafter be comprised of the Chief Executive Officer and three independent directors, the Board determined that a separate Governance and Compensation Committee was no longer necessary or advantageous, and approved

the disbanding of the Governance and Compensation Committee on December 12, 2017. As a result, those roles and responsibilities which previously were under the purview of the Governance and Compensation Committee, now fall under the purview of the Board.

In determining compensation for its Named Executive Officers, the Board has regard to, among other things, the performance of each executive officer relative to the performance criteria set for that particular fiscal year and Helix's overall performance relative to its competitors in the market. The Board also considers the compensation levels among Helix's comparator group, including the need to update the companies included in that group, and other market trends and competitive factors. The Board also considers the extent to which the proposed compensation promotes Helix's business goals and objectives and reflects Helix's stage of development, financial condition and prospects. The Board does not specifically consider the risks associated with Helix's compensation policies and practices and believes that, given the relatively small size of Helix's management team, Helix's stage of development and the nature of its business, that such risks can be adequately monitored as part of the Board's ongoing oversight activities.

Helix's executive compensation program for its Named Executive Officers typically includes base salary, short-term cash incentives and long-term equity incentives. The program seeks to provide "pay for performance", where performance is measured against achieving Helix's business objectives as determined by the Board, and to achieve the following specific objectives:

- (a) to promote the recruitment and retention of highly qualified executive officers by offering an overall compensation mix which is competitive with that of similarly situated executives in comparable biotechnology companies;
- (b) to motivate Helix's executive officers to achieve important corporate and personal performance objectives and setting compensation awards for meeting or exceeding those objectives; and
- (c) to align the interests of Helix's executive officers with the long-term interests of shareholders and the creation of shareholder value through participation in Helix's Equity Compensation Plan.

Meeting these objectives requires Helix to manage several key factors effectively, including: (x) establishing proper market comparators; (y) establishing appropriate compensation elements and the appropriate mix of those elements; and (z) providing effective oversight of the process. These factors are discussed in more detail below.

Market Comparators

In order to ensure that Helix's executive compensation program is competitive relative to the industry in which it operates, Helix identifies a comparator group which is comprised of TSX-listed companies in the biotechnology sector that are similar to Helix in terms of market capitalization and stage of growth. Helix first identified such a group based on advice received from an external compensation advisor during the fiscal year ended July 31, 2009. This comparator group was reviewed periodically by the Governance and Compensation Committee, with a formal review conducted in fiscal 2012 and subsequent updates conducted in fiscal 2014 and 2017. The updated list of comparators is comprised of the following eight companies: AEterna Zentaris Inc., Intellipharmaceuticals International Inc., Oncolytics Biotech Inc., Prometic Life Sciences Inc., Resverlogix Corp. and Spectral Medical Inc. Since fiscal 2012, seven companies that had previously formed part of the comparator group have ceased to be listed on the TSX and therefore are no longer considered by the Board. To be included in the comparator group a company must be in a related industry, subject to similar challenges, have similar market capitalization and be headquartered in Canada, the U.S. or Europe.

The Board gathers data for each member of the comparator group for reference when determining salaries for new executive officers, and when setting the annual compensation awards for Helix's existing executive team, including base salary and short- and long-term incentive amounts. These comparisons are used by the Board in assessing the competitiveness of Helix's compensation program. Helix generally seeks to provide an overall compensation package that, including base salary and full achievement of performance-based incentive objectives, is in line with the average of Helix's comparator group, with due regard for Helix's current financial condition and stage of development.

Compensation Elements and Mix

Helix's executive compensation program is comprised of a variety of compensation elements, including base salary and at-risk compensation consisting of short- and long-term incentives, together with participation in Helix's health plan for which premiums, other than long-term disability and critical illness premiums, are paid by Helix on behalf of all employees, including each Named Executive Officer.

This compensation mix is reviewed regularly by the Board and adjustments to the compensation elements and mix are made as required.

Base Salary

Helix seeks to pay its executive officers a base salary that is in line with the average of the base salaries paid to executive officers by Helix's comparator group, making allowance for Helix's current financial condition and stage of development. Base salaries, and any annual increases, are based on the executive's experience and position at Helix, including the scope, complexity and level of responsibility of that position, the salary levels at Helix's comparator group and the executive's overall performance in the preceding year, as determined by the Board. The Board also has particular regard to Helix's financial condition in setting base salaries for its executive officers.

In fiscal 2018, base salaries were increased by 1.4% to partially offset cost-of-living increases but also taking into consideration the cash constraints that continue to be faced by the Company. In fiscal 2017, base salaries for Helix's Named Executive Officers were not increased. In fiscal 2016, base salaries for Helix's Named Executive Officers, other than the former Chief Executive Officer, were increased by 1.27% to once again partially offset cost-of-living increases but taking into consideration the cash constraints that continue to be faced by Helix. These base salaries had been increased by 1% in fiscal 2015 to partially defray increases in cost of living (and in partial recognition for improvements in operations and the implementation of research and development initiatives), and had not previously been increased in fiscal 2014, fiscal 2013 or fiscal 2012. The 2018 and 2019 compensation decisions are discussed in greater detail below under the headings "*Fiscal 2018 Compensation Decisions*" and "*Fiscal 2019 Compensation Levels*", respectively.

Short-Term Incentives

Helix provides short-term incentives to its executive officers to reward performance in the most recent fiscal year. These incentives are provided through the payment of cash bonuses based on the satisfaction of certain corporate and individual performance criteria established by the Board following consultation with Helix's Chief Executive Officer. The corporate and individual performance criteria are generally determined on an annual basis by the Board. The payment of cash bonuses is based on the extent to which these criteria are satisfied over the course of the fiscal year.

Since fiscal 2015, in light of the fluid business situation, Helix's financial condition and the nature of the challenges facing Helix, the Board has felt that there was a sufficiently high level of correlation between the achievement of "individual" and "corporate" objectives that it has decided not to impose a rigid separation between the two categories and to assess the achievement of each executive officer's performance criteria holistically. As a result, for fiscal 2015 through 2018, the executive officers' short-term incentive compensation has been based primarily upon the achievement of certain corporate goals.

The maximum cash bonus payable to each executive officer is calculated as a percentage of such officer's base salary.

In fiscal 2018, the maximum percentage for each executive officer was 35% of base salary. In fiscal 2017, the maximum percentage for each executive officer was 35% of base salary, except for the former Chief Operating Officer who was eligible to receive an annual performance-based bonus of up to 100% of his base salary. Given the fluidity of the business circumstances facing Helix, and Helix's financial condition, the Board elected to retain full discretion with respect to the payment of cash bonuses. See "*Fiscal 2018 Compensation Decisions*" and "*Fiscal 2019 Compensation Levels*", respectively.

Long-Term Incentives

Helix's long-term incentive program is designed to align the interests of Helix's executive officers with those of its Shareholders and to provide incentives for strong performance and retention over the longer term. This is achieved through the use of equity compensation, and the financial incentive created by equity ownership, granted under Helix's current equity compensation plan, adopted by Helix's Board in October 2010, originally approved by Shareholders on December 9, 2010 and amended on June 29, 2011 and November 18, 2013 and approved by Shareholders on December 18, 2013 and January 17, 2017 (the "**Equity Compensation Plan**").

The Equity Compensation Plan provides for the granting of options to purchase Common Shares ("**Options**"), share appreciation rights related to Options ("**Related SARs**"), share appreciation rights unrelated to Options ("**Free-Standing SARs**"), restricted share units ("**RSUs**"), restricted shares, deferred share units ("**DSUs**") and share awards, and permits a combination of any of the foregoing. All Options issued under prior equity compensation plans of Helix became subject to the Equity Compensation Plan upon its implementation.

The Board has responsibility for administering the Equity Compensation Plan, though authority for making grants ultimately rests with the Board. Grants under the Equity Compensation Plan are based on a number of factors including the applicable person's position and level of responsibility in Helix, the duration of that person's association with Helix, the number and terms of Options or other equity compensation then held by the person, the person's current performance and expected future performance and value to Helix, and the number of securities remaining for grant under the Equity Compensation Plan.

Certain of the key terms of the Equity Compensation Plan, which apply to all grants of equity compensation by Helix, are set out below. This summary is not, and is not intended to be, comprehensive and is qualified in its entirety by reference to the Equity Compensation Plan, a copy of which is available under Helix's profile on SEDAR at www.sedar.com. Capitalized terms used in this summary and not otherwise defined in this Circular have the meaning given to them in the Equity Compensation Plan.

Eligibility:	Awards may be granted to directors, officers, employees and consultants of Helix or an affiliate of Helix.
Exercise Price:	The Board establishes the exercise price of all Options granted, which may not be less than the Fair Market Value of the Common Shares on the date of grant of the Options.
Term	Each Award shall expire at such time as is determined by the Board, which in no event may exceed ten years from the date of the original grant of the Award.
Vesting:	All Awards may be subject to vesting provisions in the discretion of the Board. Recently, vesting has been structured such that one third of the grant vests immediately, with a further one third vesting on the first and second anniversaries of the date of the grant, though the precise terms of vesting vary from grant to grant. However, in any case, the use of delayed vesting is consistent with Helix's desire to promote a longer-term incentive for its executive officers.

Upon a change of control of Helix, as defined in the Equity Compensation Plan, all Awards with restrictions vest immediately, except for any Awards granted to consultants on or after October 20, 2010, which will continue to vest according to the terms and conditions of the applicable award agreement.

- Plan Maximum:** The number of Common Shares which may be reserved for issuance pursuant to Awards granted under the Equity Compensation Plan may not be more than 10% of Helix's outstanding Common Shares from time to time. Additional Common Shares will automatically become available for grant under the Equity Compensation Plan upon any increase in Helix's issued and outstanding Common Shares, to the extent of 10% of such increase.
- As at March 11, 2019, 318,774 Common Shares have been issued under the Equity Compensation Plan (representing approximately 0.30% of the outstanding Common Shares), 630,000 Common Shares are issuable on exercise of outstanding Options under the Equity Compensation Plan (representing approximately 0.59% of the outstanding Common Shares), and there are currently 9,655,383 Common Shares available for issuance under the Equity Compensation Plan (representing approximately 9.1% of the outstanding Common Shares).
- Reloading:** Under the Equity Compensation Plan, the number of Common Shares issued pursuant to any type of Award, as well as the number under those Awards that have expired or been cancelled and under which no Common Shares were issued, can be the subject of another grant.
- Limitations on Insiders:** The Equity Compensation Plan contains the following restrictions on the number of Common Shares that may be issued to insiders of Helix at any time under the Equity Compensation Plan:
- (a) the number of Common Shares issuable to insiders of Helix, at any time, under the Equity Compensation Plan and any other security-based compensation arrangements, cannot exceed 10% of the issued and outstanding Common Shares; and
 - (b) the number of Common Shares issued to insiders, within any one-year period, under the Equity Compensation Plan and any other security-based compensation arrangements, cannot exceed 10% of the issued and outstanding Common Shares.
- Limitation on any Single Grantee:** The number of Common Shares that may be issued to any one individual at any time under the Equity Compensation Plan and any other security-based compensation arrangements of Helix cannot exceed 5% of Helix's issued and outstanding Common Shares.
- Termination and Adjustments:** All Awards will terminate on the earliest of the following dates:
- (a) the expiry date specified for such Award in the award agreement with Helix evidencing such Award;
 - (b) where the grantee's position as an Eligible Person is removed or terminated for just cause, the date of such termination for just cause;
 - (c) except for a consultant in respect of Awards granted on or after October 20, 2010, where the grantee's position as an Eligible Person terminates due to the death or Disability of the grantee, one year following such termination;
 - (d) where the grantee's position as an Eligible Person terminates for a reason other than the grantee's disability, death, or termination for just cause (termination for such other reason being hereinafter referred to as a "**Voluntary Termination**"), and the grantee has no continuing business relationship with Helix or an affiliate of Helix as an Eligible Person in any other capacity:
 - (i) where the grantee held the position of a director or officer of Helix or an affiliate, one year after the date of Voluntary Termination; and

(ii) where the grantee held any other position with Helix or an affiliate, except for a consultant in respect of Awards granted on or after October 20, 2010, the grantee has no continuing business relationship with Helix or its affiliates, then at the Board's discretion anywhere from 30 days to one year after the date of the Voluntary termination, and if the Board does not make a determination at the time of the Award grant, then automatically 30-days after the termination date;

(e) for Awards granted to a consultant on or after October 20, 2010, all such Awards terminate on the date the consultant's engagement with Helix or its affiliates terminates.

If an Award expiry date falls during the period of any trading blackout period self-imposed by Helix or within four business days thereafter, such Awards may be exercised until the end of the fifth business day following the expiry of the blackout period.

The retirement of a director at a meeting of shareholders pursuant to the constating documents of Helix and the re-election of such director at such meeting is deemed not to be a retirement, or termination of the position of such director.

Anti-dilution: The Equity Compensation Plan has an anti-dilution provision for Helix to make appropriate adjustments to outstanding Awards in certain events, including a share consolidation, stock split, stock dividend, reorganizations or other similar alteration.

Assignability: Options, SARs, RSUs, Restricted Shares, DSUs and share awards providing for the further issuance of Common Shares are non-transferable and non-assignable.

Amendment: The Board can, at any time, suspend, amend or terminate the Equity Compensation Plan and amend any Award Agreement, subject to approval of any stock exchange on which the Common Shares are listed if required under the rules and policies of such stock exchange.

The Board cannot, without the approval of the Shareholders amend the Equity Compensation Plan or an Award Agreement in order to:

(a) increase the percentage of Common Shares issuable under the Equity Compensation Plan;

(b) increase the limits on insiders in the Equity Compensation Plan;

(c) permit Awards to be transferable or assignable other than for normal estate settlement purposes;

(d) increase the number of Common Shares which may be issued pursuant to any Award granted under this Equity Compensation Plan;

(e) reduce the exercise price of any Option or Related SAR granted under the Equity Compensation Plan then held by an insider;

(f) extend the term of any Award held by an insider beyond the original term, except a blackout extension; or

(g) amend any of the foregoing matters which the Equity Compensation Plan provides may not be amended without the approval of the Shareholders.

Share Appreciation Rights

At the election of the Grantee, Options in respect of which Related SARs have been granted may be surrendered to Helix in exchange for Related SARs in an amount equal to the excess of the Fair Market Value of a Share on the date of the exercise of the Related SAR over the Exercise Price per Share of the related Option multiplied by the number of Shares that would have been acquired if the Option or portion thereof has been exercised.

Free-Standing SARs can be redeemed, upon vesting, for an amount equal to the excess of the Fair Market Value of a Share on the date of vesting of the Free-Standing SAR over the Fair Market Value of a Share on the Date of Grant of the Free-Standing SAR.

Related Financial Instruments

In light of its size and stage of development, Helix does not have any specific prohibition on the purchase of financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by its executive officers or directors other than the prohibitions on short sales, calls and puts involving securities of Helix imposed on Helix’s directors, officers and employees by the CBCA.

Benefits and Perquisites

The Named Executive Officers are eligible to participate in Helix’s health plan for which premiums, other than long-term disability and critical illness premiums, are paid by Helix on behalf of its employees. Any perquisite or similar personal benefit must be considered and approved by the Board, prior to becoming effective.

Performance, Targets and Results – Fiscal 2018

Helix Performance Graph

The graph below is a performance graph comparing the cumulative total shareholder return on the Common Shares for the five-year period ended July 31, 2018 with the total cumulative return from the S&P/TSX Composite Index over the same period. The graph shows what a \$100 investment in Helix and in the S&P/TSX Composite Index made on August 1, 2013 would have been worth every year, and at the end of the five-year period following the initial investment.

Base salaries for Helix’s executive officers were not increased in fiscal 2014, though there was a grant of Options to Robert A. Verhagen, Photios (Frank) Michalargias and Heman Chao and a cash bonus was awarded to Mr. Verhagen

in recognition of improvements in operations and the successful implementation of research and development initiatives which together resulted in significantly stronger performance by Helix in fiscal 2014.

Although there was an improvement in Helix's shareholder returns in fiscal 2015, the trend of lower compensation levels continued. Annual compensation decreased in fiscal 2015 relative to fiscal 2014. This was due primarily to the departure of John Docherty, then President and Chief Operating Officer, in fiscal 2014, which included the associated one-time severance payment made in fiscal 2014. Base salary payable to Helix's executive officers increased by 1% and 1.27% in fiscal 2015 and 2016 respectively to partially defray the increased cost of living since base salaries of Helix's executive officers were last increased in fiscal 2011. Small cash bonuses of \$12,000 were awarded to Dr. Chao, Mr. Michalargias and Mr. Steve Demas in respect of fiscal 2015. No cash bonuses were awarded in fiscal 2016. Helix's shareholder returns increased slightly in fiscal 2016 while compensation levels increased slightly due, in part, to additions to the management team of a Chief Operating Officer and a Chief Medical Officer. Mr. Demas received a one-time payment of \$37,500 in consideration for entering into his employment agreement and as compensation for services as Chief Medical Officer for the period prior to entering into the agreement. Shareholder returns declined significantly in fiscal 2017 while compensation levels remained flat. Shareholder returns declined slightly in fiscal 2018 while compensation levels were significantly reduced due to material cost cutting measures toward the end of fiscal 2017 and during fiscal 2018 which included the departures of the then Chief Executive Officer, Chief Operating Officer and Chief Medical Officer.

Fiscal 2018 Compensation Decisions

Named Executive Officers

Base salaries for Helix's Named Executive Officers were increased by 1.4% in early fiscal 2018 compared to fiscal 2017. The increase mainly reflects a partial defraying of the increased cost of living. The Board retained discretion to grant cash bonuses of up to 35% of base salary, with payment of such bonuses to be determined for performance of each executive officer relative to Helix's stated objectives for 2018 of obtaining appropriate financing and enhancing Helix's liquidity profile, continuing to develop and successfully implement Helix's research and development initiatives and achieve its clinical trial milestones and otherwise to achieve objectives specific to such executive officer's position and experience. No cash bonuses were paid, nor were any Options granted to any executive officers of Helix in fiscal 2018.

Fiscal 2019 Compensation Levels

In light of Helix's current financial condition and stage of development and in order to allow Helix to focus resources on its research and development initiatives, the Board has not as yet determined any base salary increases. Cash bonus eligibility remains fixed and at the discretion of the Board, at 35% of base salary.

For fiscal 2019, the extent to which such bonus (if any) will be paid to each executive officer, will continue to be based primarily upon the attainment of certain corporate goals, considered holistically, rather than on a rigid separation between individual and corporate goals. The goals and objectives for fiscal 2019, and the progress towards the achievement of the objectives, are expected to be reviewed by the Board at each meeting, as a result of changing circumstances facing Helix. The Board will continue to retain full discretion with respect to the payment of cash bonuses in light of Helix's financial condition.

- (3) Helix does not have a non-equity based long-term incentive plan.
- (4) Dr. Chao was appointed Chief Executive Officer on March 31, 2017. He has also served as Chief Scientific Officer since December 2008.

Outstanding Share-Based and Option-Based Awards – Named Executive Officers

The following table details the option-based awards outstanding for the Named Executive Officers as of July 31, 2018. Helix does not have any outstanding share-based awards.

Name	Option-based awards			
	Number of securities underlying unexercised options (#)	Option exercise price (\$)	Option expiry date	Value of unexercised in-the-money options ⁽¹⁾ (\$)
Heman Chao	25,000	1.34	November 1, 2018	-
Photios (Frank) Michalargias	25,000	1.34	November 1, 2018	-

- (1) Calculated as the difference between the market value of the common shares subject to option at the end of the last fiscal year, July 31, 2018, and the option exercise price for common shares. Helix’s July 31, 2018 common share closing price was \$0.70. Consequently, none of the options set out above were in-the-money. The options expired on November 1, 2018 in accordance with their terms.

Incentive Plan Awards – Value Vested or Earned During the Year – Named Executive Officers

The following table sets out the value of the option-based awards and non-equity incentive plan compensation vested or earned by each Named Executive Officer during the fiscal year ended July 31, 2018. Helix does not have any outstanding share-based awards.

Name	Number of securities underlying options vested (#)	Option-based awards – Value vested during the year ⁽¹⁾ (\$)	Non-equity incentive plan compensation – Value earned during the year (\$)
Heman Chao	-	-	-
Photios (Frank) Michalargias	-	-	-

(1) Calculated as the difference between the market value of the common shares subject to option at close on the day of vesting, and the option exercise price for common shares.

No Named Executive Officer exercised Options in the course of fiscal 2018 and no gains were realized as a result of any such exercise. For additional information relating to Helix’s Equity Compensation Plan, see “*Executive Compensation – Compensation Discussion and Analysis – Compensation Elements and Mix*”, above.

Employment Agreements, Termination and Change of Control Benefits

Helix has entered into employment contracts with each of its Named Executive Officers, each as amended, which contain substantially the same terms (except with respect to base salary), as set out below.

The employment agreements for Dr. Chao and Mr. Michalargias have no fixed term and provide for an annual base salary which for fiscal 2018 was \$284,559 for Dr. Chao and \$269,037 for Mr. Michalargias, subject to increase at the discretion of the Board (see “*Summary Compensation Table – Named Executive Officers*” for the salary for fiscal 2018 for each of Dr. Chao and Mr. Michalargias). They also provide for an annual 35% performance-based bonus and other employee benefits as provided to other senior employees, including the grant of Options from time to time as approved by the Board.

In the event of termination of employment by Helix without cause (including the removal of the applicable senior executive officer from his position, the failure by Helix to reappoint him to his position or making a fundamental change in his responsibilities not accepted by him), or by the relevant senior executive officer within six months following a change of control of Helix (as defined in the applicable employment agreement), or by the senior executive officer within 30 days of a material breach of the applicable employment agreement by Helix, then Helix will pay the applicable senior executive officer severance equal to one year’s annual salary, plus an additional one month annual salary for every full year of employment completed by the employee, up to an additional twelve months, plus an amount equal to the amount of any bonus paid during the previous twelve months, and will either extend all insurance and benefits coverage for the following twelve months or pay the employee an amount equal to the cost of coverage for such period. The amount that would have been paid to Dr. Chao and Mr. Michalargias had their employment terminated on July 31, 2018 for any of the foregoing reasons is approximately \$569,118 and \$538,074, respectively. In addition, had the termination occurred on July 31, 2018 as a result of a change of control (as defined in the Equity Compensation Plan), all of the unvested Options held by each of these senior executive officers would have automatically vested at the time of the change of control. As at July 31, 2018, all of Dr. Chao and Mr. Michalargias’ Options were fully vested. In the event that the applicable senior executive officer dies or becomes disabled, then Helix will pay the salary of such senior executive officer accrued to the date of deemed termination and for one year subsequent to termination, plus a pro-rated portion of the annual bonus most recently paid to him. Had the employment of Dr. Chao or Mr. Michalargias so terminated on July 31, 2018, the total of such payments would be \$284,559 and \$269,037 respectively.

Other Provisions and Change of Control Definitions

Named Executive Officer Employment Agreements

The employment agreements of each of Helix's Named Executive Officers also include: (a) non-solicitation covenants in favour of Helix continuing for 24 months following termination of the Named Executive Officer's employment with Helix; (b) non-disclosure covenants requiring the Named Executive Officer to maintain the confidentiality of Helix's confidential information and prohibiting its use other than on behalf and for the benefit of Helix, both during employment and for an indefinite period thereafter; and (c) provisions providing that intellectual property created or developed by the officer during or, in certain circumstances, after termination of, his employment with Helix are the property of Helix.

The employment agreements of each of Helix's Named Executive Officers define a "change of control" of Helix as being: (a) a change in the composition of the Board occurring within any two-year period, as a result of which fewer than a majority of such directors are incumbent directors; (b) the completion of any merger, arrangement or amalgamation involving Helix, provided that upon such completion a majority of the directors are not incumbent directors; (c) when a control person or any person acting jointly or in concert with a control person votes against any proposal put before Shareholders by the Board, and such proposal is in fact defeated by the requisite majority of votes of Shareholders; (d) when any control person or any person acting jointly or in concert with a control person votes in favour of any proposal put before the Shareholders other than by the Board and such proposal is in fact approved by the requisite majority of votes of Shareholders; or (e) under certain circumstances, when the Common Shares listed on certain stock exchanges are delisted.

For the purposes of such employment agreements, a "control person" means any person that holds or is one of a combination of persons that holds more than 20% of the outstanding voting securities of Helix and an "incumbent director" is a director who is: (x) a director of Helix as of the date of the employment agreement in question; or (y) is appointed, or is elected or nominated for election as a director of Helix by at least a majority of the incumbent directors at the time of the election or nomination.

Equity Compensation Plan

Under the Equity Compensation Plan, in the event of the termination, other than for cause, of a Named Executive Officer, all Options or other equity awards then held by the Named Executive Officer will terminate on the earlier of the original expiry date(s) of such awards or one year following termination of employment of the applicable Named Executive Officer. In the case of termination of any Named Executive Officer for cause, all Options or other equity awards then held by such executive terminate on the date of termination for cause.

Under the Equity Compensation Plan, all Options and other equity compensation granted under the Equity Compensation Plan vests immediately upon a change of control, notwithstanding any contingent vesting provision to which such equity compensation may otherwise have been subject, except for any awards granted to consultants on or after October 20, 2010, which continue to vest according to the terms and conditions of the award agreement with Helix evidencing such award. A "change of control" for purposes of the Equity Compensation Plan will occur if: (a) a person or a combination of persons holds: a sufficient number of securities of Helix so as to affect materially the control of Helix; or holds more than 20% of the outstanding voting securities of Helix, except where there is evidence satisfactory to the Board showing that the holding of those securities does not affect materially the control of Helix; or (b) a majority of directors elected at any annual, special or extraordinary general meeting of shareholders of Helix are not individuals nominated by Helix's Board as constituted immediately prior to such election.

Compensation of Directors

The non-management directors of Helix do not receive benefits upon termination or resignation from their respective positions as directors, but these directors are generally entitled to exercise all awards made to them under the Equity Compensation Plan that have vested prior to such termination or resignation until the earlier of: (a) the original expiry date of each such award; and (b) one year following termination or resignation.

For fiscal 2018, non-management directors were paid a fee of \$2,000 per month for acting as a director of Helix. All directors are entitled to reimbursement for reasonable travel and other out-of-pocket expenses incurred in connection

with attendance at meetings of the Board and its committees. Helix pays an independent Chair of the Board, at his or her election, an additional \$40,000 per year in cash or \$50,000 per year in equity compensation. In circumstances where the Chair is not independent, Helix pays a Lead Independent Director \$20,000 per year in cash. Non-management directors of Helix are also entitled to a fixed payment of \$1,500 for each meeting of the Board or its committees that they attend (whether in person or telephonically) that lasts for more than 30 minutes. Directors receive no compensation for such meetings lasting less than 30 minutes.

Chairs and members of the committees of the Board receive a fixed payment of an additional \$3,000 per year for the Chair and each member of the committees of the Board for acting in those capacities. The Board has retained its discretion to award special remuneration to any director undertaking any special services on behalf of Helix other than services ordinarily required of a director, but now requires that any such special services, and the related consideration to be received, be set out in a written contract with Helix.

Non-management directors are also eligible to participate in the Equity Compensation Plan.

For the year ended July 31, 2018, Dr. Sven Rohmann, a former Chief Executive Officer, served as Chair and a non-independent director of the Company until December 12, 2017, when he stepped down from the Board in connection with a reduction in the number of directors. Dr. Heman Chao, the Company's Chief Executive Officer and Chief Scientific Officer, has served as a non-independent director of the Company since his election on December 12, 2017, and is currently the Company's only non-independent director. Dr. Chao did not receive any incremental compensation in his capacity as a director of Helix. Disclosure regarding Dr. Chao's compensation is included under the heading "Summary Compensation Table – Named Executive Officers" above.

Andreas Kandziora was appointed as an observer to the Board in March 2014. Mr. Kandziora receives no compensation for his service in that capacity.

For the year ended July 31, 2018, the directors of Helix received aggregate compensation of \$212,079 for their services as directors.

The following table details the compensation provided to the non-management directors of Helix for the fiscal year ended July 31, 2018. INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

To Helix’s knowledge, none of the directors, proposed directors or executive officers of Helix, nor any associates or affiliates of such persons, are or have been indebted to Helix at any time since the beginning of Helix’s last completed financial year.

CORPORATE GOVERNANCE

Helix and the Board acknowledge the importance of corporate governance to the effective management of Helix and Helix’s corporate governance practices have been designed to comply with applicable Canadian corporate governance requirements and guidelines. The Board monitors the ongoing changes to the regulatory environment with respect to corporate governance practices and will continue to update Helix’s corporate governance practices to reflect evolutions in governance expectations, regulations and best practices.

The Board fulfils its corporate governance mandate directly and through its standing Audit Committee at regularly scheduled meetings or otherwise as the circumstances, opportunities or risks facing Helix may require. The Board is kept apprised of Helix’s business and operations at these meetings as well as through regular updates received from management on a formal and informal basis. Helix has no standing Board committees other than the Audit Committee. The Board has no formal retirement policy.

Board of Directors

Independence

Composition of Current Board

The Board is currently comprised of four members. Of these, three are independent within the meaning of National Policy 58-201 *Corporate Governance Guidelines* (“NP 58-201”). The independent directors are Sylwester Cacek, Sławomir Majewski and Artur Gabor.

Andreas Kandziora serves as an observer to the Board. In that capacity, Mr. Kandziora has the right to receive notice of and attend at meetings of the Board and its committees but he does not have the right to vote on any matter or to table any proposals for a vote by the Board or any of its committees, nor does Mr. Kandziora have the right to receive notice of or attend at any *in camera* meetings or sessions of meetings of the independent members of the Board or any of its committees. Mr. Kandziora is not entitled to any payment for his service as an observer unless the Board determines otherwise. Mr. Kandziora is not independent of Helix as a result of his interest in ACM Alpha Management Consulting Est., which provides investor relations and advisory services to Helix. See “*Compensation of Directors*” and “*Position Descriptions – Observer to the Board*” for additional information.

Composition of Proposed Board

The independent directors nominated for election at the Meeting are Sylwester Cacek, Sławomir Majewski and Artur Gabor. Heman Chao is the only nominee for election as a director that is not independent as he is the Chief Executive Officer and Chief Scientific Officer of Helix. The Board expects Mr. Kandziora to continue to serve as an observer to the Board following the Meeting and for him to continue not to be independent of Helix.

Chair and Independent Directors

Sławomir Majewski, Chair of the Board, is considered independent. Helix’s independent directors do not have regularly scheduled meetings but do meet independently of management on occasion and are encouraged to meet following each Board meeting, and more often as they see fit. The Audit Committee, which is the sole committee of the Board, is comprised entirely of independent directors.

The Board’s independent directors have historically discussed, and will be encouraged to continue to discuss, a broad range of issues at Board and committee meetings, including matters relating to Helix’s business and operations more generally, with matters being referred to the full Board for consideration as appropriate. Where members of management are present at some or all of the Board committee meetings, the independent directors sitting on that committee are encouraged to meet without management present following each such meeting.

- (2) Mr. Andreas Kandziora is an observer to the Board. He attended 5 of 5 (100%) meetings held by the Board.

Board Mandate

The Board’s mandate has been formalized in a written charter, the text of which is attached as Appendix D and is available on Helix’s website at www.helixbiopharma.com. The Board discharges its mandate directly and through its standing Audit Committee.

The Board’s mandate sets out specific responsibilities of the Board, which include:

- (a) satisfying itself as to the integrity of the Chief Executive Officer and other executive officers and that the Chief Executive Officer and other executive officers create a culture of integrity throughout Helix;
- (b) adopting a strategic planning process and approving a strategic plan, on at least an annual basis;
- (c) identifying the principal risks facing Helix and reviewing and assessing the internal controls and management information systems for managing such risks;
- (d) succession planning, including senior management development and reviewing the performance of senior management against their annual objectives;
- (e) adopting and periodically reviewing Helix’s disclosure and communication policies;
- (f) developing Helix’s approach to corporate governance, and annually reviewing Helix’s corporate governance; and
- (g) managing, or supervising the management of, the business and affairs of Helix.

Other functions and responsibilities of the Board are included in the charter or have been delegated to the Board's Audit Committee.

The Board met 5 times in fiscal 2018. Over the course of the year, the Board focused on further defining Helix's strategy, advancing Helix's pre-clinical and clinical drug candidate programs, the asset sale of the Company's BiPhasix technology and the ongoing need to secure additional capital to improve the Company's working capital deficiency and fund Helix's ongoing research and development activities. Over the past year, Helix has:

- (a) closed several private placements for gross proceeds of approximately \$8.5 million during the company's fiscal year ended July 31, 2018 and approximately \$3.9 million subsequently, though the Company continues to be challenged with a working capital deficiency;
- (b) been challenged with patient enrolment in its U.S. Phase I study of its L-DOS47 drug candidate in combination with pemetrexed/carboplatin in patients with Stage 4 recurrent or metastatic non-squamous non-small-cell lung cancer ("NSCLC") and as a result has implemented various changes to the trial protocol in order to solve the lower patient enrollment rate. Specifically, the Company received approval by the FDA to implement an accelerated dose design up to 6µg/kg followed by a standard 3+3 design for the final two dosing cohorts, 9 and 12 µg/kg, respectively;
- (c) advanced the European Phase I/II clinical study of its L-DOS47 drug candidate in Poland, and had determined L-DOS47 was both safe and well tolerated at the dose levels tested and that the Company would not be moving forward with L-DOS47 as a monotherapy treatment but more as a combination therapy;
- (d) commenced a new clinical study of its L-DOS47 drug candidate in a vinorelbine/cisplatin combination as a first-line treatment for lung adenocarcinoma;
- (e) prepared for the commencement of a new clinical study of its L-DOS47 drug candidate in a doxorubicin combination as a treatment for metastatic pancreatic cancer;
- (f) extended its collaboration with the Moffitt Cancer Centre as a result of preliminary studies that show L-DOS47 may increase the activity of a PD-1/PD-L1 inhibitor in treating pancreatic cancer; and
- (g) presented the Company's technology at various scientific conferences.

Position Descriptions

The Board has developed formal position descriptions for the Chair of the Board, the Chairs of each committee of the Board, the Observer to the Board and the Chief Executive Officer that clearly delineate their respective roles and responsibilities.

Chair of the Board and Committee Chairs

The Chair of the Board is responsible for identifying and presenting matters for review by the Board, setting the agenda for meetings of the Board and serving as a liaison between the Board and management of Helix. The Chair of the Board also has responsibility for ensuring that Helix's corporate governance guidelines are followed.

The chair of each committee of the Board is responsible for, among other things, providing effective leadership to the applicable committee, including taking all reasonable steps to ensure that the responsibility and duties of the committee, as outlined in its charter, are understood by each member of the committee and overseeing the structure, composition and membership of, and the activities delegated to, the committee. The chair of each committee also has administrative responsibility for ensuring that the committee meets at least twice annually, or more often as may be required to carry out its duties effectively, together with establishing the agenda for each meeting of the committee and chairing all such meetings.

Observer to the Board

In connection with Andreas Kandziora's appointment as an observer to the Board, the Board adopted a formal position description for the role of observer. It provides that the observer has the right to receive notice of and attend at all meetings of the Board and its committees and to receive copies of materials provided to the Board and its committees, provided that the observer does not have any right to receive notice of, or to attend at *in camera* meeting or session of a meeting of the Board or any of its committees, to vote on any matter submitted for a vote by the members of the Board or any of its committees, nor may the observer propose any matter for such a vote. The observer is also not entitled to receive any payment for his or her service as an observer unless the Board determines otherwise. The observer is also required to, among other things, act honestly and good faith with a view to the best interest of Helix in carrying out his or her responsibilities as an observer to the Board.

Chief Executive Officer

The Chief Executive Officer has full responsibility for the day-to-day operation of the business of Helix in accordance with the strategic direction, operating plans and budgets approved by the Board, but is required to consult with the Board on matters of significance to Helix, including relating to corporate governance, and to obtain prior approval of the Board for actions where required.

Orientation and Continuing Education

The Board is responsible for the orientation and education of new directors, and for continuing education of existing directors, including ensuring that such orientation and continuing education programs are periodically evaluated and updated. New members of the Board are provided with extensive information regarding the business of Helix, its Board, committees of the Board, and its internal policies, including its "whistleblower" policy, code of business conduct and ethics, conflict of interest policy and other corporate governance policies and practices.

Continuing education helps directors keep up to date on changing governance issues and practices, industry developments and generally assists in helping directors to understand the issues facing Helix in the context of its business. The Board provides both initial and ongoing education to the directors by arranging presentations at board meetings and the submission from time to time of reports to the Board by management, Helix's auditors, and other outside consultants and advisors on particular topics and on an as-needed basis.

Ethical Business Conduct

As part of its commitment to maintaining the highest standards of business and personal ethics, the Board has adopted a written code of business conduct and ethics (the "Code"). A copy of the Code is available on Helix's website at www.helixbiopharma.com or by contacting Helix's Chief Financial Officer. The Code provides guidelines designed to ensure, among other things, ethical and honest conduct, the reporting of any conflicts of interest, compliance with applicable laws, the protection and proper use of any corporate opportunities available to Helix and the protection of Helix's confidential information.

The Board takes steps to ensure compliance with the Code, including by ensuring that all directors, officers, board observers and employees of Helix are aware of the Code and by promoting a culture of honesty and accountability. The Board also ensures that directors, officers and employees of Helix are aware that the Board retains broad discretion to punish any transgressions of the Code.

The Board is responsible for investigating all reported transgressions of the Code. All transgressions are required to be promptly reported to the Chair, who in turn, is to report them to all members of the Board. Any findings of the Board will take such action as it deems proper.

Helix and its directors are subject to and comply with the requirements under the common law and the CBCA regarding disclosure of interests of directors and abstention from voting on any transaction in which a director has a material interest. Where a director has a material interest in a proposed transaction involving Helix, that director does not participate in, and is not present for, Board deliberation or voting in respect of such transaction. The Board has also adopted a formal conflict of interest policy and requires directors and executive officers to complete a conflict of interest questionnaire annually.

The Board also seeks to promote ethical conduct through Helix's "whistleblower" policy, pursuant to which directors, officers, board observers and employees are required to report certain complaints, including unethical business conduct in violation of any policy of Helix, to the Chair of the Audit Committee or to any supervisor or member of management whom he or she is comfortable approaching. The policy provides a process for the investigation of complaints and states that Helix will not tolerate retaliation against any person who makes a complaint or assists in an investigation. The policy provides that Helix will, at least annually, communicate reminders to employees for reporting under the policy.

Nomination of Directors

The Board is responsible for nominating candidates for election to the Board at the annual meetings of shareholders and, if applicable, filling vacancies on the Board or appointing additional directors. The mandate of the Board has been formalized in a written charter. Prior to nominating or appointing individuals to the Board, the Board's charter mandates that the Board will consider the current size of the Board and the competencies and skills of the proposed candidate in the context of the competencies and skills of each existing director and those of the Board as a whole. The Board will also consider the ability of a candidate to devote sufficient time and resources to the director position, the character, judgment, business experience and acumen of the proposed candidate, and any other factors the Board deems appropriate. All directors are encouraged to provide names of potential candidates to the Board for consideration. The size and composition of the Board is considered prior to each annual meeting of shareholders as part of the nomination of directors.

The Board also has responsibility for matters related to executive and director compensation. A full discussion of compensation matters is provided under the heading "*Compensation Discussion and Analysis – Compensation Committee and Oversight*", above.

Diversity

The Board is mindful of the benefit of diversity on the Board and in senior management of Helix and the need to maximize the effectiveness of the Board and management and considers gender as part of its overall recruitment and selection process in respect of Board and senior management positions at the Company and will continue to do so in the future. However, despite the importance the Board attaches to diversity on the Board and in senior management of Helix, the Board does not have a formal policy or target relating to the representation of women on the Board or senior management of Helix as it does not believe that such a policy or target would benefit Helix given Helix's size, stage of development and the other circumstances facing Helix, nor does the Board believe that a formal policy would further enhance gender diversity beyond the current recruitment and selection process carried out by the Board. Helix does not currently have any directors or executive officers who are women.

Board Renewal

The Board is committed to a process of Board renewal and succession planning for directors which seeks to bring fresh thinking and new perspectives to the Board while maintaining an appropriate degree of continuity. However, the Board has not, to date, adopted a formal policy regarding term limits or other mechanisms of board renewal because it has not felt that such mechanisms are appropriate given Helix's size, stage of development and the other circumstances facing Helix, and the corresponding need to ensure that needed skills and experience are retained on the Board. The Board does, however, conduct an annual review exercise and considers the results of this exercise, among other factors, when considering its proposed nominees for election as directors each year.

Audit Committee

The Board's Audit Committee is responsible for, among other things, making recommendations to the Board regarding the engagement of the external auditors of Helix and reviewing with the external auditors the scope and results of Helix's audits, financial reporting procedures, internal controls, and the professional services provided by independent auditors to Helix, together with evaluating and making recommendations to the Board with respect to the performance of Helix's external auditors. The Audit Committee is also responsible for reviewing the annual and quarterly financial statements and accompanying management discussion and analysis prior to their approval by the full Board. The mandate of the Audit Committee has been formalized in a written charter, a copy of which is attached as Appendix E.

The Audit Committee is currently comprised of three members: Sylwester Cacek (Chair), Slawomir Majewski and Marek Orłowski. All of the members of the Audit Committee are independent directors. Mr. Sylwester Cacek was appointed Chair of the Audit Committee on October 24, 2017.

The Board has determined that all members of the current Audit Committee are financially literate, meaning they have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by Helix's financial statements. A brief description of the education, experience and background of each current member of the Audit Committee is set under the heading "*Election of Directors – Biographical Information*".

See "*Particulars of Matters to be Acted Upon – Appointment and Remuneration of Auditors*", above, and "*Audit Committee Disclosure*" in Helix's most recent Annual Information Form filed under its profile on SEDAR at www.sedar.com for additional information regarding the Board's Audit Committee.

Assessments

The Board is responsible for assessing, on an annual basis, the effectiveness and contribution of: (a) the Board as a whole; (b) each Committee; and (c) each individual director, and for assisting committees in establishing performance criteria to be used in conducting self-evaluations. The Board conducts a formal self-assessment process involving the completion of a questionnaire by each director providing feedback on the performance of the Board, each committee and committee chair, the Chair of the Board, and a "360" peer review on the performance of the individual directors in fiscal 2018. The focus of these reviews was on continuous improvement. Each director was asked to consider how to improve overall Board and Committee effectiveness.

The Board compiles and analyzes the results of these evaluations, and discusses key areas of improvement, and steps that can be taken by directors individually and by the Board collectively, to promote more effective and efficient operation of the Board.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as otherwise disclosed in this Circular, to the knowledge of Helix, no informed person of Helix, nor any proposed nominee for election as a director of Helix, nor any associate or affiliate of any informed person or proposed director, has or had any material interest, direct or indirect, in any material transaction since the commencement of Helix's last completed financial year, or in any proposed transaction which in either such case has materially affected or will materially affect Helix.
